

Amazing Maths Results at Mitchie

The Mitchelton Maths Department would like to congratulate all students who have achieved very good results in the Australian Mathematics Competition. These students received Distinctions or High Distinctions (HD).

Year 12: Shiyu (HD), Wang (HD), Xiao, Tianqi, Hong, Maoshen, Bailin and Xinru.

Year 11: Mao, Guijun, Jian and Pushuo.

Year 10: Sehee, Nicholas and Josh.

Jialun in Year 10 performed exceptionally well, scoring in the 100th percentile. This result wins a cash prize from the Australian Mathematics Trust.

As we near the end of the school year for senior students, Year 11 and 12 exams are getting close. For Year 12 students this is the last assessment piece for their school mathematics career but it counts equally with all the previous items. It is vital students do their very best to either improve or maintain their results.
