

Use data, feedback, and digital tools to personalise and improve learning.

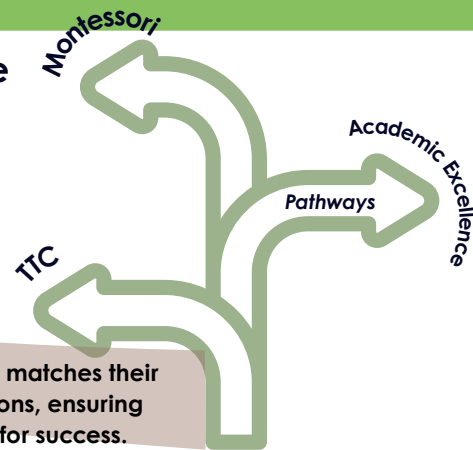

RESPECT

We value every learner and create safe, inclusive learning environments built on self-understanding, belonging, and contribution.

PCL

Place every learner in the pathway that matches their strengths, interests, and future aspirations, ensuring challenge, support, and opportunity for success.

We inspire curiosity and commitment through evidence-based pedagogies, student voice, and connected learning experiences.

Authentic Student Voice in...

- ...curriculum design, where students help shape topics, texts, and learning pathways.
- ...assessment, through choice of format, task design input, and reflection on criteria.
- ...pedagogy, by using feedback from students to adjust teaching practice.
- ...school culture, through leadership roles, forums, and co-design of initiatives.
- ...data and improvement cycles, where student perspectives inform decisions.

LEAD LEARNER/
MARKER STUDENTS

Embrace innovation and future-focused practices, including AI and digital literacy.

Build a culture where mistakes are part of growth and learning never stops.

Foster co-learning between teachers and students through feedback and reflection.

LIFE-LONG LEARNING

We model curiosity, resilience, and innovation as staff and students grow together as learners.

Building capacity and expertise.

Promote learner agency and leadership opportunities for staff and students.
